AREAS OF EXTENSIVE LAW ENFORCEMENT EXPERIENCE, TRAINING & SUPERVISION

Board Certified Forensic Psychologist with 25+ years of experience providing evaluation, training & supervision, program development, strategic planning, and clinic administration. Areas of specific law enforcement competence include; fitness for duty evaluations, line of duty death or injury behavioral health treatment, trauma debriefing, psychological autopsy/death by suicide, body camera debriefing protocols, outreach to special operation units including FID, ESU, SRG, CRC, Highway, Pistol Range, Crime Scene, Crime Lab, and Intel. Extensive experience in Administrative Psychology, training and supervision of a multi-disciplinary clinical team.

CURRENT POSITIONS

July 2022 – Current

Director, Psychological Evaluation Section
NYPD Medical Bureau

January 2022 – July 2022

Acting Director, Psychological Evaluation Section
NYPD Medical Bureau

October 2019 – January 2022

Deputy Director, Psychological Evaluation Section
NYPD Medical Bureau

Supervise a staff of approximately 15 (licensed and unlicensed psychologists, uniformed officers, administrative staff). Responsible for fitness for duty evaluations for the members of the NYPD (~36,000 uniformed, ~19,000 civilian staff). High-level public speaking and presentation skills - present on mental health and suicide prevention topics to various audiences, from Attorney General Barr to NYPD executives to the 'beat cop' in their Precincts. On call 24/7 to the NYPD leadership for trauma response and resource coordination. Perform record reviews and make determinations on complex candidate

assessment cases. Modernized operations of the clinic by introducing the use of psychometric questionnaires and streamlining scheduling. Introduced the use of a customer feedback form to obtain feedback on how to improve the client experience. Conduct psychological autopsies on officers who died by suicide; provide results to executive leadership. Review medications taken by officers to assess for need for further evaluation. Provide training to officers involved in peer-to-peer support program. Review the scientific literature on and help vet prospective health and wellness initiatives. Oversee Trauma Debriefing Program collaboration with NYPD Force Investigation Division for body camera release to media of officer involved shootings. Oversee and supervise psychological evaluations of undercover candidates as well as “deep-undercover” agents. Responsible for the implementation and clinical supervision of graduate level externs in the John Jay forensic graduate programs.

2020 – Current

Project Co-Manager NYPD- Northwell Direct, Finest Care Program

From inception, through development, open bidding, contract negotiations and final agreement; co-managed a multi-disciplinary team that created a \$5 million – multi-year contract with NYPD and Northwell Direct. This is a new collaboration that will connect the 36,000 uniformed member of services with free, confidential counseling and other mental health services. Finest Care enables NYPD officers to call a confidential Northwell Health Behavioral Health access and navigation center to be assessed and linked to Northwell’s expansive network of psychologists and psychiatrists through the Northwell Direct provider network.
